ISSUE:

Installation of nine street lights on 6200 South.

SYNOPSIS:

This is a contract with Kelby Electric, Inc. to install nine (9) street lights on the south side of 6200 South between 6105 West and 6400 West.

BACKGROUND:

Quotes were solicited from three electrical contractors for installing nine street lights on 6200 South. Kelby Electric, Inc. was chosen as the low quote to install the street lights on 6200 South. We have had good experience with the construction done by Kelby Electric, Inc.

Street lights were not installed on the section of 6200 South between 6105 West and 6400 West when it was constructed. This section has had a recent history of vandalism that may be attributed to the fact that it is very dark at night. Installing street lights will contribute to the safety of the area.

RECOMMENDATION:

Approve Contract.
